

Sprint 4 Report, Pseudo, **Pseudonauts**, 12/8/2020

Actions to stop doing:

Stop sprint development.

Actions to start doing:

Prepare for release planning.

Actions to keep doing:

Finish up debugging/testing and documenting

Work completed/not completed:

Completed (all completed)

As a user, I want to set a variable to some new value so that I don't need to create new ones

As a user, I want to see my Pseudo code update in real time

As a user, I want to use things in a dictionary or list

As a user, I want to add things into a dictionary or list

As a user, I want to remove things in a dictionary or list

As a user, I want to clear the console so that I don't have to see old data and timestamps when translating my Pseudo code

As a user, I want to see advance debugging info when the code doesn't run correctly

As a developer, I want to look at the [gui.py](#) code file without getting lost into the code

Work completion rate:

Total number of User Stories completed: 8

Total number of Days in Sprint: 14

Total number of Ideal Work Hours: 100

Average User Stories/Day: 1.75
