Sprint 2 Report, Pseudo, **Pseudonauts**, 11/10/2020

Actions to stop doing:

The team is satisfied with our current process, as we have been able to complete our user stories for sprint 2.

Actions to start doing:

Use same coding style for everyone, indentation will be 2

Actions to keep doing:

Current method of meeting twice a week works well for our
needs so far. We have been able to complete the 2nd sprint this
way.

Work completed/not completed:

<u>All User Stories were completed:</u>

- As a user, I want a GUI, to interface as a user
- As a user, I want to save and load my Pseudo code in the GUI
- As a user, I want a button to translate and execute my Pseudo code into Python code
- As a user, I want to see my Python code along side my Pseudo file
- As a user, I want to see my outputs from my Psuedo file with the "Display" keyword
- As a user, I want syntax highlighting so that I can distinguish between keywords and non-keywords
- As a user I want to be able to customize the editor so that I can express my preferences.

Work completion rate:

Total number of User Stories completed: 7
Total number of Days in Sprint: 14
Total number of Ideal Work Hours: 100
Average User Stories/Day: ~.5
