# Sprint 1 Report, Pseudo, **Pseudonauts**, 10/27/2020

## Actions to stop doing:

The team is satisfied with our current process, as we have been able to complete our user stories.

## Actions to start doing:

The team wants to start utilizing planning poker.

## Actions to keep doing:

Current method of meeting twice a week works well for our
needs so far. We have been able to complete the first sprint this
way.

## Work completed/not completed:

<u>All User Stories were completed:</u>
- As a user, I want to create a variable, list, and a table
- As a user, I want to modify my variables
- As a user, I want to see my variable's data when printing to the console
- As a user, I want to see my python code equivalent when running the interpreter

## Work completion rate:

Total number of User Stories completed: 4
Total number of Days in Sprint:              14
Total number of Ideal Work Hours:          100
Average User Stories/Day:                ~.33
